CASE NO. 8:15CR164

TENTATIVE FINDINGS

The Court has received the Revised Presentence Investigation Report ("PSR"). The Court notes that there is no addendum to the PSR, but the parties' have filed formal objections on ECF objecting to the drug quantity attributed to the defendant (Filing Nos. 81 and 82). See Order on Sentencing Schedule, ¶ 6. The Court advises the parties that these Tentative Findings are issued with the understanding that, pursuant to *United States v. Booker*, 543 U.S. 220 (2005), the sentencing guidelines are advisory.

Accordingly,

IT IS ORDERED:

1. The government's Objection to Revised Presentence Investigation and Plaintiff's Statement (Filing No. 81) and the Defendant's Objection to Revised Presentence Investigation and Defendant's Statement (Filing No. 82) will be heard at the sentencing hearing, and the Court intends to adopt the parties' plea agreement;
2. The Court intends to adopt the PSR in all other respects;
3. If **any** party wishes to challenge these tentative findings, the party shall immediately file in the court file and serve upon opposing counsel and the Court a motion challenging these tentative findings, supported by (a) such evidentiary materials as are required (giving due regard to the requirements of the local rules of practice respecting the

submission of evidentiary materials), (b) a brief as to the law, and (c) if an evidentiary hearing is requested, a statement describing why an evidentiary hearing is necessary and an estimated length of time for the hearing;

4. Absent submission of the information required by paragraph 3 of this Order, these tentative findings are final; and

5. Unless otherwise ordered, any motion challenging these tentative findings shall be resolved at sentencing.

DATED this 1st day of June, 2016.
